# WELCOME

to the first edition of our  
FIXhub Newsletter!

We are very happy that you are interested in FIXhub and any news related to it.

This newsletter will be published on a half-yearly basis.

We hope this newsletter finds you safe and well. At FIXhub, we count ourselves extremely lucky that we have not seen any negative consequences due to Corona. To the contrary, we have seen a considerable increase in both the business conducted via FIXhub.net as well as the number of Buy and Sell Side members and partner companies joining our network. Increased volatility has caused many smaller and medium sized investment managers as well as broker

companies to re-think their order and trade related processes and to switch from manual to electronic order transmission and handling.

We will be happy to assist you in those efforts and we would like to assure you that everybody at FIXhub works hard to maintain the very high level of stability and reliability, our current members have become used to.

[Let's go!](#)

Our idea regarding this newsletter is to provide you with information on:

#### Connect to FIXhub

any existing and new routing destinations and execution venues (brokers and trading platforms) available to members connected to FIXhub

### FIXhub Community

any existing and new partners  
joining the FIXhub community

### FIXhub Events

any internal or external events,  
organised or attended by FIXhub

### FIXhub News

any additional news which we deem of interest to you

Please do feel free to send us any suggestions for additional coverage. We will be happy to consider and incorporate your ideas, wherever possible:

[info@fixhub.net](mailto:info@fixhub.net)

### MEMBER SECTION:

We are very happy to welcome the following new Sell Side members to our FIXhub network:

- Bank Vontobel AG

You can download a list of all existing Sell Side Members and Trading Platforms available via FIXhub.net via the following link: [here](#)

Please contact us for any contact details or if you cannot find the broker of your choice: [info@fixhub.net](mailto:info@fixhub.net)

### PARTNER/VENDOR SECTION:

FIXhub.net works closely with a steadily increasing number of partner companies.

The majority of our partners develop and license software which allows their clients to route electronic order flow directly from their terminals to executing brokers of their choice – via the FIXhub routing network.

We are currently working with the following Vendor Companies:

- PATRONAS Financial Systems GmbH
- PSplus Portfolio Software + Consulting GmbH
- WealthArc GmbH
- Aqua Valley Solutions S.A.
- Cube Finance SA

In addition, we welcome the following new partner company:

- iComps GmbH
